

Methane Emissions in the Natural Gas Supply Chain

Wednesday and Friday / March 22 and 24, 2023

EN23021

| Introduction, Overview, Methane Emissions and Their Measurement, Regulatory Context | | | |
|--|-------------------|---|--|
| Wednesday, March 22, 2023 | | | |
| TIME | LECTURES | TOPIC | INSTRUCTOR |
| 10:00 AM - 10:30 AM CT | Lecture 1: | Natural Gas Use and the Scientific Basis of Methane As a Greenhouse Gas | Dr. David Allen |
| 10:30 AM - 12:00 PM CT | Lecture 2: | Estimating Methane Emissions From Oil and Gas Supply Chains | Dr. David Allen |
| Friday, March 24, 2023 | | | |
| 10:00 AM - 11:00 AM CT | Lecture 3: | Measuring Methane Emissions From Oil and Gas Supply Chains | Dr. David Allen |
| 11:00 AM - 12:00 PM CT | Lecture 4: | Regulatory and Economic Drivers for Methane Emission Measurements and Methane Emission Mitigation | Dr. David Allen and Dr. Arvind Ravikumar |
