Quick Reference Guide

Continuing and Professional Education (CPE) Requirements for P.E. license renewal

NOTE: The following information has been collected from each corresponding state licensing body’s website, and is accurate as of September 17th, 2020. This document is meant to be used as a quick-reference resource ONLY. Your state’s licensing body has final authority on whether professional development credit obtained from the Forensics Engineering Conference can be applied towards annual CPE requirements.

- Louisiana
  - Requirement: 30 hours every two years
    - One hour must be Ethics
  - Note: For P.E.s designing buildings: eight hours must be on Life Safety Code, building codes, and/or ADA Accessibility Guidelines
  - Colleges and Universities are considered approved providers of CPE by the Louisiana Professional Engineering and Land Surveying Board

- Arkansas
  - Requirement: 30 hours every two years
  - Refer to Article 19 of the Arkansas State Board of Licensure for Professional Engineers Rules for more information

- Oklahoma
  - Requirement: 30 hours every two years
  - Refer to section 245:15-11-6 of the Oklahoma State Board of Licensure for Professional Engineers Rules for more information

- Kentucky
  - Requirement: 30 hours every two years
  - Refer to section 201 KAR 18:196 of the Kentucky Administration Regulations for more information
